

## MONASH ECOSYSTEM HUB PROFILE

### 1. Hub Name

CoLabs Australia

### 2. Logo

### 3. About Us

CoLabs Australia is an ecosystem of coworking spaces, wet labs, engineering labs and innovation facilities enabling startups and scaleups to get access to flexible, affordable space to bring their ideas to life.

CoLabs supports founders and innovators building circular economies, biomaterials, health and med tech, climate solutions, and deep tech.

Through curated programs, shared spaces, strategic partnerships, and a thriving cross-disciplinary community, we help ambitious teams move faster, think systemically, and build ventures that are scientifically grounded, commercially viable, and deeply aligned with the future our planet needs.
